

## **A cool and hassle-free way to raise money for your cause with style...and no up front costs.**

We design the product, create your marketing materials, collect the orders, manufacture the products and deliver the final goods!

### **HOW IT WORKS**

#### **1. Choose a design**

Choose a design from a selection of our latest DIGG Apparel designs. And our experienced designers will create a personalized t-shirt, cap and bracelet set—with your organization's name and colors.

#### **2. Promote the campaign**

We will provide you with custom presentation graphics, a campaign web page and printed flyers to help introduce and promote the campaign during your announcements and online via web and social media.

#### **3. Collect the orders**

For two weeks supporters can place their orders by dropping off a completed order form along with payment at your designated drop off spots or by ordering online. At the end of two weeks, we will collect all the order forms and process the order.

#### **4. Deliver the goods**

Two weeks after collecting and processing your order, we will deliver your finished products, bagged and sorted along with a final customer order list. You announce a time and date to allow your supporters to pick-up their awesome new apparel.

#### **Benefits:**

- Raise money for your cause with no up front costs
- Extend your Church brand reach to new members
- Increase awareness about your cause, mission or event
- Encourage and inspire unity and solidarity within your organization
- Create a cool product your organization will be proud to wear

**Choose a design and we will personalize it with your organization name and colors!**
